

Detergent Concentrate

Heavy Duty Detergent & Foam Booster

Detergent Concentrate can be used on its own as a powerful high-foaming cleaner, or mixed with either acid or caustic and used as a cleaning performance enhancer and foaming agent. Detergent Concentrate provides rapid penetration of a wide variety soils and is effective in hot or cold and soft or hard water. Methods of application include foaming, sponge, brush and soak.

- **High Foam**
- **Removes Oils and Loosens Particulate Soils**
- **USDA & Kosher Approved**
- **Compatible with Acid & Caustic**
- **Effective in Cold & Hard Water**
- **Easy Rinsing**

Usage Directions: Dilute Detergent Concentrate in a separate container according with chart below. Rinse surface to be cleaned to remove any loose soils. Apply Detergent Concentrate solution to entire surface with sprayer, sponge, or brush. For best results start at the bottom of the surface and work up to the top. Allow solution to penetrate caked on soils. Some scrubbing may be necessary to remove all soils. Rinse surface from top to bottom with fresh water. Flood food contact surfaces with MG 4-Quat Fifth-Generation Quaternary Sanitizer.

Safety & Hazards

Wear Protective Eye Glasses and Chemical-Resistant Gloves While Using Detergent Concentrate

Consult MSDS for Further Safety Precautions

DOT Shipping Name: Not Regulated

Detergent Concentrate

Dilution Guidelines

Usage	Dilution
General Cleaning	1 : 20 - 100 Gallons

Technical Information:

Appearance: Yellow Liquid, Slightly Viscous
Odor: Mild
pH: 7
Foam: High Foam

Associated Products:

Special Acid Cleaner, Heavy-Duty Acid Detergent and Descaler
HD Caustic Cleaner, Non-Foaming Caustic Detergent
