

MG CleanQuat

High Foaming Multi Purpose Detergent w/ Quat

MG CleanQuat was developed specifically for cleaning machinery and utensils in food processing establishments. MG CleanQuat's alkaline nature neutralizes fatty & acidic soils and its high-foaming emulsifiers penetrate food oils for a rapidly, thoroughly cleaned surface. This product also contains MG 4-Quat Fifth-Generation Quaternary Sanitizer's active ingredients for additional cleaning efficacy. MG CleanQuat contains water conditioners and rinse additives to prevent residues and films from forming on the food contact surfaces. This product is safe for use on all metals and will not harm other components such as transfer hoses, pumps, gaskets, etc.

- **Mild Alkalinity Neutralizes Acidic Soils**
- **Long-Lasting Foam**
- **Rinses Easily**
- **Emulsifies Fat and Oil**
- **Non-Caustic, Non-Solvent**
- **Safe for Food Contact Surfaces**

Usage Directions: Dilute MG CleanQuat in a separate container in accordance with the chart below. MG CleanQuat is suitable for use with cold or warm water. Hot water will reduce foaming properties of MG CleanQuat. Flush surface to be cleaned to remove any loose soils. Apply MG CleanQuat solution to entire surface with sponge, pressure sprayer, foam apparatus, or brush. Allow approximately 5-10 minutes contact time or until all soils have been removed. Rinse surface with fresh water and apply sanitizer.

Safety & Hazards

Wear Protective Eye Glasses and Chemical-Resistant Gloves While Using MG CleanQuat

Consult MSDS for Further Safety Precautions

DOT Shipping Name: Not Regulated

MG CleanQuat Dilution Guidelines

Usage	Dilution
Normal Usage	1 Ounce : 1 Gallon
Heavy Oils	3 Ounces : 1 Gallon
Extremely Heavy Oils & Greases	10 Ounces : 1 Gallon

Titration Kit:

MRTK5050-Z, Mild Alkalinity Titration

Technical Information:

Appearance: Clear Yellow Liquid
Odor: Mild
pH: >12.5
Foam: High Foam

Associated Products:

FCC-3, Foaming Chlorinated Detergent With Caustic & Rinse Agents
Special Acid Cleaner, Heavy-Duty Acid Detergent and Descaler
MG 4-Quat, 5th Generation Quaternary Sanitizer & Disinfectant
Multi-Chlor, 12.5% Sodium Hypochlorite Sanitizer
